

My family and I have enjoyed our local Air-1 stations for the past 5 or 6 years. We appreciate the builtins and announcements serving the local community and the news highlights from the nation and around the world. We also appreciate the fact that we do not have to have commercial messages running constantly in the way of the programming that we so much appreciate. This type of programming would be sorely missed if the stations were not allowed to function as they do today. The same comments apply to our local K-Love stations as well. Thanks for your time.
